Enhance the
beauty in you

A large, stylized graphic of a human eye, rendered in soft, pastel shades of lavender, white, and pale yellow. The eye is looking towards the right. Below the eye, there is a small, simple illustration of a yellow flower with a purple center.

At **In You Beauty**, Kent's leading private home based salon, we have discovered the ultimate non-invasive way to look younger. It's a combination of the Internationally recognised award winning CACI Anti-Ageing Treatments, and the most advanced skincare formulas available from DermaQuest.

CACI treatments

CACI is an internationally recognised, award winning company who have developed effective anti-ageing treatments. Their non-invasive treatments deliver dramatic visible results without the need for surgery.

The Ultimate CACI Anti-Ageing Facial

The ULTIMATE Facial is designed for anyone looking for a more intense version of the CACI- non surgical facial.

This treatment concentrates on areas of specific concern, aimed at those with a more mature skin type.

CACI Ultimate facials re-educates, tones and tightens the facial muscles by emitting tiny electrical impulses. The use of the Wrinkle Comb and LED light therapy will stimulate the connective tissue, circulation and lymph drainage.

Microdermabrasion is the skin resurfacing treatment that is also used in this process.

The orbital rotation of the hand piece significantly reduces skin imperfections such as pigmentation, age spots, wrinkles and impurities. Your skin will be left feeling smooth and clear. Light therapy is emitted from the device also to enhance circulation, wound healing, speeds up cell renewal, stimulates collagen and also acts as a calming agent.

Microdermabrasion can be used on sensitive skin and normal skin. The disposable abrasion tips come in 3 grades, fine, medium and course. They are coated in an anti-allergy layer of Silicon Carbide that progressively removes the superficial layer of the epidermis.

After Microdermabrasion a calming Hydrotone mask is applied to the skin. The mask is used in conjunction with active micro current rollers that massage the face so that the mask becomes 'charged'. The rejuvenating energy improves lymphatic drainage, giving your face a softer, radiant, youthful appearance.

The gel mask is infused with powerful hydrating properties including Collagen, Hyaluronic Acid and Rose Water

A course is recommended for optimum results, or can be a one off treatment to enjoy. Each client may vary depending on individual requirements.

The Ultimate CACI Anti-Ageing Facial Benefits:

- Re-educates the muscles
- Tones and tightens facial muscles to create a younger appearance
- Improves Circulation
- Suitable for sensitive skin
- Stimulates Lymphatic drainage, giving you softer radiant skin
- Resurfaces and re-hydrates the skin to help your skin look its best

CACI Jowl Lift

The CACI Jowl Lift has been designed to target muscle laxity around the jaw line, creating a tighter and more youthful appearance.

Our Jowl Lift Facial uses the new Quad probes to give you a double lifting action throughout the treatment. The Quad probes emit tiny electrical impulses to lift, firm and redefine facial contours.

To get the maximum firmness the Quad probes are used with cotton buds which are filled with a serum that contains a wonderful firming formulation.

The CACI Jowl lift facial treatment improves the appearance of sagging Jowls. Clients find this treatment completely painless, but may experience slight tingling or a metallic taste in the mouth. This is completely safe and normal through having the treatment.

For best results a course of 10 treatments is advised over a period of 5/6 weeks. However the number of treatments may vary depending on clients individual needs.

Caci Jowl Lift Benefits:

- Specifically targets muscle laxity
- Lifts and tones the muscle to reduce sagging
- Re-defines facial contours to create a more youthful appearance
- Completely painless treatment
- Visible results without surgery, anaesthetic or downtime

CACI Non-Surgical Face Lift

CACI's Non-Surgical Face Lift consists of four processes which target the signs of ageing.

The four processes to this treatment are:

1. Re-educate the muscle
2. Tissue Repair
3. Remind the muscle
4. Re-hydrate the skin

We use Microcurrent, a preventative treatment which tightens the facial muscles and slows down the ageing process.

This treatment tones, lifts and re-educates muscles back to their original position. The face has over 30 muscles below the skin, and these can be re-programmed to tighten and regain a more youthful appearance. The Microcurrent treatment works in harmony with the body's own bio-electrical field meaning you will feel very little or nothing at all during this process.

Once this has treatment has been completed we introduce the Hydrotone gel mask to re-hydrate the skin. The mask is used in conjunction with active microcurrent rollers that massage the face so that the mask becomes 'charged'. The rejuvenating energy improves lymphatic drainage, giving your face a softer, radiant, youthful appearance.

The gel mask is infused with powerful hydrating properties or collagen, hyaluronic acid and rose water.

A course of treatments is recommended for optimum results, or you can book this as a one off treatment to enjoy. A course length may vary depending on an individual's requirements.

Caci Non-Surgical Face Lift Benefits:

- Tones and tightens facial muscles to re-educate them back to their correct position
- Smooths out lines and wrinkles for a more youthful appearance
- Re-hydrates the skin for a soft, radiant glow

Crystal Free Orbital Microdermabrasion

CACI Orbital Microdermabrasion is a non invasive skin resurfacing treatment. It works by gently removing the dead layer of skin with the use of an orbital rotation hand piece which significantly reduces skin imperfections such as pigmentation, age spots, wrinkles and impurities. Your skin will be left feeling smooth and clear.

Light therapy is also emitted from the device to enhance circulation, wound healing, speed up cell renewal, stimulate collagen and also act as a calming agent. Clients find this a great alternative to collagen injections and it is a perfect facial treatment for dull, tired or de-hydrated skin.

Microdermabrasion can be used on sensitive skin, normal and mature skin. The disposable abrasion tips come in 3 grades, fine, medium and course allowing us to adjust the abrasion level. They are coated in an anti-allergy layer of Silicon Carbide that progressively removes the superficial layer of the epidermis.

The final process to this treatment includes the Hydratone Gel Mask,

which is infused with the powerful hydrating properties collagen, Hyaluronic Acid and Rose Water. The mask is used in conjunction with active Microcurrent rollers that massage the face so that the mask becomes 'charged'. The rejuvenating energy improves lymphatic drainage, giving your face a softer, radiant, youthful appearance.

A course of treatments is recommended for optimum results, or you can book this as a one off treatment. A course length may vary depending on an individual's requirements.

Aftercare Advice:

- After microdermabrasion treatments we strongly advise that SPF 30 for 5 days following the treatment and after the course.
- No make-up for 6 hours after unless it's mineral based make-up.
- No heat treatments 24 hours before or after treatments.

- No sunbeds or sunbathing 24-48 hours before and 5 days after.
- No fake tan 6-8 hours before or after treatments as it will cause rashes.
- Men must not shave 6-8 hours before and after treatments.

Crystal Free CACI Orbital Microdermabrasion benefits:

- Resurfaces the skin, removing imperfections and impurities and revealing smoother younger looking skin
- Visible results after just one treatment
- Needle free alternative to collagen injections
- Softens lines and wrinkles and re hydrates the skin
- Perfect for dull, de-hydrated skin, contested skin, Scarring, sun damage
- Light therapy improves circulation and Lymphatic drainage to promote healthier looking skin

CACI Active Acne Treatment

The CACI Active Acne treatment is hugely beneficial to men and women who suffer from acne.

If you feel conscious about your skin you may feel the need to cover up with lots of make-up, however this can actually congest the skin and increase inflammation.

CACI LED photo therapy is clinically proven to treat Acne concerns. Red and Blue light therapies are renowned for their anti-bacterial, anti-ageing, anti-inflammatory and wound healing properties.

Light therapy is a natural way of promoting healing within the skin. The light that we use is a non heating light, it is a pure light that is absorbed into the skin:

Blue Light:

- Settles Hormones, can help with the body to rest

Helps with:

- Jaundice
- Eczema
- Acne Vulgaris
- Sensitive skin
- Arthritis
- Rheumatism
- Inflamed psoriasis

Red Light:

- Speeds up cell renewal
- Tightens collagen fibres
- Reduces Acne scarring (non pustule)
- Helps to decrease the appearance of burns and stretch marks

Our combination of red and blue light gives optimum results for helping to reduce Acne, Burns and scarring.

We then apply a soothing Hydratone Gel Mask. The mask is used in conjunction with active micro current rollers that massage the face so that the mask becomes 'charged'.

The rejuvenating energy improves lymphatic drainage, giving you instant calming action as well as reducing redness and irritation.

The gel mask is infused with powerful the hydrating properties of collagen, hyaluronic acid and rose water. A course is recommended for optimum results, or this can be a one off treatment to enjoy. Course length may vary depending on individual requirements

Caci Active Acne Treatment Benefits:

- Light therapy improves circulation and Lymphatic drainage for healthy looking skin
- Anti bacterial, anti inflammatory and wound healing properties - helping to treat existing acne and prevent further outbreaks.

A close-up photograph of a woman with blonde hair, eyes closed, receiving a facial treatment. A silver CACI device with two white tips is being used on her forehead. Another similar device is visible near her eye.

CACI Ultimate Eye Treatment

This is such an effective treatment for those who look in the mirror and think they are suffering with dark circles, lines and drooping eyes.

We all have different lifestyles that can hinder our health; a hectic lifestyle can mean your diet suffers, or young children, work, stress and other issues can cause lack of sleep. These issues, plus many others can impact on how we look, and due to the delicate skin around the eyes, this can be a particular problem area.

The CACI Ultimate Eye treatment concentrates only the eye area. It lifts, smoothes and plumps whilst erasing those lines, dark circles and puffiness under the eyes.

This treatment includes Crystal free Orbital Microdermabrasion. This is a non evasive skin resurfacing treatment. It works by gently removing the dead layer of skin with the use of an orbital rotation hand piece which significantly reduces skin imperfections such as pigmentation, age spots, wrinkles and impurities.

Your skin will be left feeling smooth and clear.

Light therapy is also emitted from the device to enhance circulation, wound healing, speeds up cell renewal, stimulates collagen and also acts as a calming agent. It is a perfect facial treatment for dull, tired, de-hydrated skin and a great alternative to collagen injections.

Microdermabrasion can be used on sensitive skin, normal and mature skin. The disposable abrasion tips come in 3 grades, fine, medium and course. They are coated in an anti allergy layer of Silicon Carbide that progressively removes the superficial layer of the epidermis.

The Wrinkle comb also included in this treatment – this is non evasive and has been designed to effectively reduce the appearance of lines and wrinkles. Once the skin has been prepared, the Amino-Lift Peptide Complex is applied to the specific areas of concern. CACI'S Wrinkle comb handset is then used to precisely exfoliate lines and wrinkles around the eye area, this also combines LED light therapy and Microcurrent giving the area a brighter complexion.

Aftercare Advice after the use of Microdermabrasion:

- After microdermabrasion treatments we strongly advise that SPF 30 is applied for 5 days following the treatment and after the course.
- No make-up for 6 hours after unless it's mineral based make-up.
- No heat treatments 24 hours before or after treatments.
- No sunbeds or sunbathing 24-48 hours before and 5 days after.
- No fake tan for 6-8 hours as it will cause rashes.
- Men: do not shave 6-8 hours before and after treatments.

CACI Ultimate Eye Treatment Benefits:

- Smoothes and plumps lines and wrinkles
- Eliminates dark circles
- Reduces puffiness
- Resurfaces the skin to give a more youthful appearance
- LED light therapy stimulates circulation for a brighter, healthy complexion.

CACI Wrinkle Revolution

The CACI Wrinkle Revolution is a 20 minute non evasive treatment designed to effectively reduce the appearance of lines and wrinkles.

Once the skin has been prepared, the Amino-Lift Peptide Complex is applied to the specific areas of concern. CACI'S Wrinkle comb handset is then used to precisely exfoliate lines and wrinkles around the eyes, forehead and mouth areas.

Electrical and light stimulation is then delivered from the hand device to fibroblast the cells. This stimulates an natural increase in collagen and elastin production, also promoting skin tissue repair.

CACI Amino-Lift Peptide complex has been shown to reduce wrinkle depth by 26% after 28 days of use.

Results are immediately visible, but for optimum results a course of 10 is highly recommended, followed by a monthly top up.

Caci Wrinkle Revolution Benefits:

- Non-Invasive treatment – a great alternative to collagen or dermal fillers
- Immediate results – visible improvement after just one treatment
- Resurfaces the skin, plumping lines and wrinkles to create a smoother skin surface which looks younger and healthier
- LED light therapy stimulates connective tissue repair and stimulates an increase in collagen and elastin production

CACI Lip Plumping Treatment

Forget fillers, achieve a better pout with this simple 15 minute treatment!

Our CACI Lip Plumping treatment combines the CACI Wrinkle Comb which has Microcurrent and LED light therapy with an Amino-Lift Peptide Serum to give your lips a fuller appearance. This is a great treatment to have prior to a special occasion or night out with friends.

Once the skin has been prepared, the Amino-Lift Peptide Complex is applied to the specific area of concern. CACI'S Wrinkle comb handset is then used to precisely exfoliate lines and wrinkles around the mouth area.

Electrical and light stimulation is then delivered from the hand device to fibroblast the cells. This stimulates a natural increase in collagen and elastin production, also promoting skin tissue repair.

CACI Amino-Lift Peptide complex has been shown to reduce wrinkle depth by 26% after 28 days of use.

Results are immediately visible, but for optimum results a course of 10 is highly recommended, followed by a monthly top up.

CACI Lip Plumping Treatment benefits:

- Non- invasive treatment – a great alternative to fillers
- Plumps lines and wrinkles to give you fuller looking lips
- Light therapy to stimulate connective tissue repair to improve the health of your skin
- Re-educates, tones and firms muscles to give a youthful appearance

CACI body treatments

CACI Bust Lift

To see results of the lift we would take the measurements from the collar bone to the nipple. This treatment will help to lift and strengthen the muscles around the bust area, giving an enhanced firmer and fuller appearance!

The process starts by applying a firming gel to the area, this is a conductor for the Microcurrent to emit into the muscle. There after the muscle will be gently grabbed between two roller bars and held for a few seconds. Only working above the nipple area.

A gentle jabbing and grabbing action will then occur using the probes and Hexapeptide serum buds that encourage tightening and firming of the muscles.

An Application of Hydro Moisturising Cream, will moisturise, calm, soothe and enrich the skin with vitamin E. Then Collagen Revital Serum is

applied to the bust area. This will plump, strengthen and firm the skin. Using the probes, a feathering action is used to penetrate the products deep into the skin's tissue.

The treatment is for around 30 minutes and we recommend 2-3 treatments per week to see the best results. A course of 10-15 would be more beneficial, however this will depend on your individual requirements.

Homecare Advice:

Apply Firming Gel as a mask for the bust twice a week and moisturise the bust area daily to maintain lift.

CACI Bust Lift Benefits

- Lifts and tones muscles
- Strengthen muscles
- Gives enhanced appearance
- Moisturises and smoothes the skin.

This CACI Bust Lift is ideal for those of you who range between an A and DD cup. If you have had breast implants or if you are currently breast feeding this treatment is not recommended.

CACI Stomach Treatment

CACI Stomach Treatment works well when used in conjunction with maintaining a good diet and following a regular exercise regime.

This is designed for those who would like to define their stomach muscles. It will enhance and strengthen the muscles, keeping them firm and toned. It is a great treatment that can be performed in between sessions at the gym to boost abdominal muscles.

The CACI Ultimate machine uses microcurrents to tone, lift and re-educate the muscles back to their original position. Muscles can be re-programmed to accept or release their tone. The muscles can be either shortened or lengthened when stimulated by direction from the positioning of the probes on the muscle.

Microcurrent therapy works on improving skin tissue, repair scarring, blemishes, sun damage, dry & de-hydrated skin and stretch marks. Microcurrent therapy works in harmony with the body's own bio-electrical field. Due to the revolutionary technology behind this procedure, you will feel very little, or nothing at all during this process.

There are four processes to this treatment:

- Re-educate the muscle
- Tissue Repair
- Remind the muscle
- Re-hydrate the skin

A course of 10-15 is recommended but this may vary depending your individual requirements and the look you desire. This is a 45 minute treatment, recommend 2-3 per week followed by a monthly maintenance treatment. Please note, this treatment is a toning treatment, not slimming treatment.

Homecare Advice:

- Apply CACI Cellufirm cream daily morning and night
- For best results this should be used in conjunction with diet and exercise

CACI Stomach Treatment Features and Benefits:

- Defines and strengthens stomach muscles
- Keeps muscles firm and toned
- Perfect way to boost your tummy muscles between trips to the gym

CACI Legs and Buttocks Treatment

Cellulite is the term used to describe pockets of fat which are trapped and cause dimpling in the skin. This lumpy dimpling is irregular and patchy and is often compared to the appearance of orange peel or cottage cheese. 80% of post-adolescent women go on to develop cellulite at some time during their life although it is very rarely ever seen in men.

The thighs, buttocks and the abdomen are the most common areas for a woman to develop cellulite. Although it is often mistaken for obesity, cellulite is not actually obesity related because it can also take place in thin lean women.

Underneath the dermis and epidermis are three specific layers of fat. Cellulite tends to develop in the subcutaneous fat layers. This layer of fat is unique in its structure compared to the other layers because its fatty parts are structured into specific chambers by strands of linked tissue around it.

To treat cellulite it is necessary to stimulate the area in order to reduce the volume of fat that has become stored and to kick start the blood flow and circulation which has become metabolically sluggish.

Faradic electrical stimulation uses specific electrical waveforms to mobilise the connective tissue surrounding the pockets of stored fat. This stimulation triggers lipolysis whereby the fat cells naturally start to release the stored fat.

Our unique Electro Cellulite Massager (ECM) combines the therapeutic benefits of a massage, with the effectiveness of micro-current therapy. It has been designed to pivot to the body contours to target your specific problem areas. The stimulatory action of the ECM helps to break down fatty deposits, tone muscles and reduce inches.

The ECM attachment combines the therapeutic benefits of a massage with the effectiveness of micro-current therapy.

The unique design of the Electro Cellulite Massager utilizes twenty four conductive rollers that are electrically charged with micro-currents.

These rollers are designed to pivot to the body contours of each individual targeting specific problem areas. The stimulatory action of the Electro Cellulite Massager helps to break down fatty deposits, tone muscles and reduce inches.

A course of 10-15 treatments is recommended, with 2/3 treatments per week. This can vary depending on your individual needs and expectations. A monthly maintenance treatment is also recommended.

Homecare Advice:

Apply CACI Cellufirm cream daily, morning and night.

CACI Legs and Buttocks (ECM) Benefits:

- Contours the buttocks
- Lifts and tones the muscles
- Improves appearance of cellulite
- Breaks down fatty deposits
- Stimulates circulation and Lymphatic drainage
- Smooths skin
- Helps create a tighter, brighter complexion

Scarring and Stretch Mark Treatment

Stretch marks are a form of scarring. They are caused by tearing of the dermis. Stretch marks are often the result of the rapid stretching of the skin associated with rapid growth (common in puberty) or weight gain (e.g. pregnancy or muscle building).

Stretch marks occur in the dermis, the resilient middle layer that helps the skin retain its shape. Stretch marks can appear anywhere on the body, but are most likely to appear in places where larger amounts of fat are stored.

The hormones that are responsible for the development of stretch marks affect the epidermis by preventing the fibroblasts from forming collagen and elastin fibres, necessary to keep rapidly growing skin taut. This creates a lack of supportive material, as the skin is stretched and leads to dermal and epidermal tearing.

Stretch marks can be treated using skin abrasion treatment technology. A superficial abrasion of the skin tissue triggers the body's own natural repair mechanism which stimulates the production of new collagen and elastin fibres. Consequently skin abrasion technology can have a remarkable softening action on stretch marks. Although unlikely to completely remove the stretch marks a course

of skin abrasion treatments should certainly cause stretch marks to significantly fade.

Generally the newer (red) stretch mark, the greater the response will be to skin abrasion treatments. This treatment is not appropriate for older scars (silvering of the skin).

Crystal Free Orbital Microdermabrasion

CACI Orbital Microdermabrasion is a non-invasive skin resurfacing treatment. It works by gently removing the dead layer of skin with the use of an orbital rotation hand piece which significantly reduces skin imperfections such as stretch marks, scarring, pigmentation, age spots, wrinkles and impurities. Your skin will be left feeling smooth and clear.

Light therapy is emitted from the device to enhance circulation, wound healing, speed up cell renewal, stimulate collagen and also acts as a calming agent.

Microdermabrasion can be used on sensitive skin, normal and mature skin. The disposable abrasion tips come in 3 grades, fine, medium and coarse. They are coated in an anti-allergy layer of Silicon Carbide that progressively

removes the superficial layer of the epidermis.

A course is recommended for optimum results, or can be a one off treatment to enjoy. Each client may vary depending on individual requirements.

After care Advice:

- After microdermabrasion treatments we strongly advise that SPF 30 is applied for 5 days following the treatment and after the course
- No make-up for 6 hours after unless it's mineral based make-up
- No heat treatments 24 hours before or after treatments
- No sunbeds or sunbathing 24-48 hours before and 5 days after
- No fake tan can be used 6-8 hours or this will cause rashes
- Men should not shave 6-8 hours before and after treatments

Scarring and Stretch Mark Treatment Benefits:

- Refines and softens scars
- Nourishes the skin
- Stimulates the tissue repair and acts as a healing agent

The ECM (Electro Cellulite Massager) Treatment

The ECM will give you instant lifting and contouring on the buttocks as well as toning the thighs. The ECM will improve the appearance of cellulite and breaking down of fatty deposits. It will stimulate circulation and lymphatic drainage, which will help to flush toxins away giving the skin a smoother, tighter and brighter, dimple free complexion. Great as a pre-holiday/bikini blitz.

The future of skincare has arrived

Welcome to the world of unparalleled skincare. Since 1999, we have crafted the absolute finest skincare products available for home and professional care and continue to do so as we embrace our role as the leader in plant stem cell technology and as a top international skincare brand. With innovative products that address every need and desire, advanced delivery systems and our unique layering technology, our exclusive line takes the science of skincare to the next level of excellence.

We strive to be nothing less than visionary.

The DermaQuest Philosophy

DermaQuest's collections provide luxury care, rich in botanical stem cells, peptides and vitamins, with hydrating and protective ingredients that are vital for maintaining skin integrity. Our products and sequences do so much more than prime and pamper your skin. While proper cleansing, hydration, strengthening and protection is the best method for beginning to address all skin conditions and achieving balance, this balance provides the foundation needed for advanced treatments using our result-driven client protocols. Moving forward, we have the products necessary to elegantly preserve the effects of our treatments. The rewards of healthy, transformed and nourished skin are not only attainable, they are sustainable. Our philosophy delivers stunning, long-term results. We are luxury bottled, a custom regimen brewed specifically for you.

We are the company you'll want to age with.

The Essentials

Healthy skin is beautiful skin

Our **Essentials Collection** delivers the nourishment, protection and balance that your skin deserves. Brimming with vital enzymes, vitamins, minerals and nutrients, these core products will revitalize any skin type, and effectively prepare skin to address specific concerns with at-home products and professional treatments.

Essential
Daily
Cleanser

Our gentle cleanser draws dirt, makeup and impurities from your skin as papaya and pineapple extracts exfoliate, leaving your complexion purified and polished. Perfect for those with AHA/BHA sensitivities and an ideal primer for post-cleansing treatments and products.

Essential B5
Hydrating Serum

Shower your skin in our intensive and lightweight hydrating serum, delivering immediate, luminous moisture, essential for all skin types. Through liposome technology, our serum actually penetrates the skin's many layers, providing instant and taut moisture; a covetable staple for professional and home care alike.

B5 Moisture
Matte

Go beyond daily moisture and immerse your skin in B5 Moisture Matte. Crafted to hydrate while keeping your complexion balanced and beautiful, this oil-free blend uses the anti-inflammatory powers of Lilac Stem Cells, leaving skin pacified, softened and shine-free. Ideal for those with sensitized skin or acne concerns.

Stem Cell
Rebuilding
Complex

Stay strong with our Stem Cell Rebuilding Complex, created with proteins and plant stem cells that soften and enhance distressed skin. While promoting collagen production, our serum protects and nurtures healthy skin cells. An ideal addition to your regimen, both pre- and post-professional treatment.

Essential
Moisturizer

A lusciously hydrating moisturizer, crafted for everyday use. Thoughtfully formulated to refine texture and smooth fine lines, our Essential Moisturizer is an invaluable staple for any care regimen. Ensure that your skin is supple, taught and silky soft.

Youth Protection
SPF 30

Envision a sunscreen that not only softens signs of aging, but also has a restorative effect on your skin's previous sun exposure. This moisturizing 100% physical sunscreen is light enough to wear under makeup, while Zinc Oxide and Titanium Dioxide work hard to protect your skin from harmful UV rays. Gentle on your eyes and sensitive skin, even post-procedure.

Solar Moisturizer
SPF 30

This remarkable broad-spectrum sunscreen boasts an SPF of 30 that shields vulnerable skin from the sun. Equal parts guardian and caretaker, we use plant extracts, peptides and antioxidants to firm and plump, restoring sumptuous, silky energy to your skin.

ZincClear SPF 30
Also Available in Three
Tinted Shades: Nude,
Sunkissed, Tan

Our soothing physical sunscreen harnesses the power of Zinc Oxide to guard and protect your skin. Ensuring UVA and UVB protection without white residue, this mineral based sunscreen absorbs quickly, working to elegantly shelter your skin. A brilliant sunscreen for sensitized and acne-prone skin, also suitable for use during professional treatments.

Peptide vitality

The years will be kind

The diverse capabilities of peptides make our **Peptide Vitality Collection** a miracle for aging skin. Imbued with the strength to prevent and overpower collagen breakdown, paired with their unique ability to plump and smooth, peptides are capable of filling fine lines and wrinkles from within the skin. An incredible advancement in skincare, available from DermaQuest in unique, potent blends.

Peptide
Glyco
Cleanser

Keep signs of aging at bay with our creamy Glycolic Acid based cleanser, boasting the unparalleled power of peptides. Exfoliating and pore refining, our cleanser leaves your skin pristine and all aglow: silky smooth and richly radiant.

Peptide Eye
Firming
Serum

Peptide Eye Firming Serum is your answer to aging skin, promoting valuable collagen and elastin production to fade fine lines and wrinkles. Neutralize dark circles and subdue puffy eyes with this serene, moisturizing serum, mindfully formulated for delicate, under-eye skin.

Peptide
Line
Corrector

For powerful wrinkle control and renewed elasticity, our Peptide Line Corrector revives and will soon reinvent your skin. Fine lines and wrinkles are virtually filled in from within as our 60% peptide serum works on the cellular level outward, giving rise to transformed, rejuvenated skin. Peptides also encourage collagen production for a more supple, plump and luminous you.

Retinol
Peptide Youth
Serum

This combination of retinol and peptides has a phenomenally restorative influence on the many layers of our skin. By promoting collagen and elastin production, our Youth Serum effectively encourages skin to firm while filling in fine lines and wrinkles. Skin will be softer, smoother and more brilliant from the inside out as pores diminish in size and a new you shines through.

Nourishing
Peptide
Cream

Nourish and restore overworked skin with our antioxidant-rich peptide cream with anti-aging plant extracts. A virtual wellspring for regeneration, peptides encourage cellular growth and collagen production, restoring skin's youthful luminance. Discover covetable rejuvenation for normal to dry skin.

Nourishing
Peptide
Rich

Our lavish moisturizer helps return skin to its youthful luminescence. Imbued with advanced peptides, CoQ10, and fatty acids, expect to diminish fine lines and wrinkles as skin tightens and firms while free radical damage fades. A luxuriously swift moisturizing cream ideal for drier skin types.

SunArmor
SPF 50

Brimming with peptides, SunArmor not only prevents solar damage, but actually helps to revive and rejuvenate your skin. Boasting an SPF of 50, our physical sunscreen shields you while it smoothes fine lines and wrinkles and fights future signs of aging.

C Infusion

Vibrant, beautiful you

Our **C Infusion Collection** boasts the unparalleled powers of BV-OSC, a potent yet gentle, stable form of vitamin C. With abilities to give rise to glowing, vibrant skin, this collection promises to energize and enchant. Imbued with Orange Stem Cells, our antioxidant-rich blends scavenge free radicals while tightening and evening skin. Let your skin bloom with these nourishing, brilliant formulas.

C Infusion
Cleanser

Overflowing with antioxidants, our foaming cleanser purifies and preserves while slowing the effects of harmful free radicals. Feel refreshed, energized and primed for home care or professional treatment, without stripping essential moisture from your skin.

C Infusion
Eye Cream

Our exceptional treatment, specifically developed with Orange Stem Cells and Hyaluronic Acid Filling Spheres™, deeply hydrates and improves skin's luster. The revitalizing effects of Eyseliss™ and Matrixyl™ reduce dark circles and increase circulation to the delicate skin under the eye.

C Infusion
TX Mask

This ultra-nourishing mask is brimming with Vitamin C, Alpha Lipoic Acids, antioxidants and peptides, creating a silky smooth anti-aging treatment that is gentle enough for all skin types. Instantly soothing and hydrating, this lavish mask fades fine lines and wrinkles, leaving you delightfully indulged.

C Infusion
Serum

Our C Infusion Serum uses extra-active BV-OSC and Orange Stem Cells, known to gently tone and tighten, while protecting skin from harmful free radicals that cause fine lines and wrinkles. A good investment for all skin types at every stage, C Infusion energizes skin as discoloration and future signs of aging recede through the power of nourishing antioxidants.

DermaClear

For a clear forecast

The **DermaClear Collection** was formulated to combat the many stages and types of acne. Whether you're prone to breakouts or simply need to correct a spot now and then, we offer a variety of products blended to prevent, quell and alleviate the myriad symptoms of acne.

DermaClear Cleanser

Specially formulated with Mandelic Acid, this cleanser is ideal for all stages of acne, yet is particularly beneficial for breakouts. Proteolytic Enzymes, plant extracts and willow bark calm and soothe irritated skin as Tea Tree Oil assists in calming irritated blemishes for faster healing.

DermaClear BHA Cleanser

Expel your acne concerns with our phenomenal cleanser as dirt, oil and debris are crisply washed away. We use Salicylic Acid to diminish blackheads and relieve congestion, restoring the effortless allure of a smooth, clear complexion.

DermaClear Spot Treatment

Soothe and treat sensitive and inflamed acne. Our Benzoyl Peroxide spot treatment targets blemish-causing bacteria without causing dryness.

DermaClear Serum

Clear and control breakouts with our signature anti-acne serum without over drying. A combination of Alpha and Beta Hydroxy Acids purify while exfoliating, reducing the pore-clogging oils that cause future blemishes, while hydrating MDI Complex® keeps skin supple.

DermaClear Mask

This gentle clay mask has a tranquil, soothing effect on acne and inflamed skin. Crafted with Salicylic Acid, Willow Bark, Orange, Sea Fennel and Lilac Stem Cells, our calming mask cools and protects tender skin while brightening post-acne discoloration. A relieving lifeline for those with acne concerns, this mask lessens congestion without dehydrating skin.

DermaClear Pads

A nemesis of breakouts, our clarifying pads help remove impurities and excess oil from your skin. Fortified with Salicylic Acid, which penetrates the skin to reduce impactions and clogged pores, our pads are an effortless way to refresh and cleanse anywhere, anytime. Banish breakouts and temper acne with our cooling, exfoliating pads.

SkinBrite

Lighten up

We crafted the **SkinBrite Collection** to banish dark spots, under eye circles and hyperpigmentation concerns through the powers of brightening botanicals and the latest in illuminating ingredients. Don't be left in the dark, our SkinBrite line evens skin tone and brightens for a luminous you.

**SkinBrite
Serum**

Be enlightened by our SkinBrite Serum, formulated with Chromabright™, AHAs and botanical brighteners that diminish and prevent discoloration. Our serum is mindfully blended to boost skin's moisture levels while restoring balance for a more radiant and even skin tone.

**SkinBrite
Cream**

Lightweight and moisturizing, this brightening cream uses Chromabright™ and BV-OSC to help fade pigmentation and quell melanin for an even, glowing skin tone. Safe for sensitized skin, our non-hydroquinone, non-AHA cream uses Licorice Root extract and soothing antioxidants to nourish and keep skin carefree.

EyeBrite

Let your eyes be the focus with our brightening eye cream. This blend of Madonna Lily Stem Cells and antioxidants lift dark circles on the surface while curative peptides work as the savior within your skin to calm puffy, tired eyes. Capture the natural incandescence of your most revealing feature.

**Retinol Brightening
Serum**

Empower your skin to minimize pigmentation and garner a more even skin tone. Featuring brightening Kojic Acid and the transforming nature of retinol, our serum will refine and rejuvenate skin, lifting dark spots and discoloration due to acne, sun damage and melasma. Let your skin shine with our potent Retinol Brightening Serum.

Sensitized

Sense and sensitivity

We all deserve a little pampering. Whether you've always had finicky skin, or simply have environmental sensitivities, our **Sensitized Collection** was specifically formulated to care take and purify even the most sensitive skin. With a gentle cleanser, silky moisturizer and a calming serum, delicate and tender skin can be nourished and refreshed without stripping essential oils.

Delicate Cleansing Cream

Our gentle creamy cleanser purifies your sensitive skin without stripping essential oils or over drying. Ever so silky and curative, we use nurturing ingredients to leave your skin dewy, pacified and carefree clean.

Delicate Soothing Serum

A replenishing serum designed for post-treatment use and for calming sensitive skin. Our serum contains nourishing plant stem cells, extracts and Green Tea, which assist in cellular regeneration. It also reduces redness associated with acne, rosacea and ablative treatments.

Delicate Daily Moisturizer

Our sumptuous blend of Argan, Jojoba and Olive Oil creates a soothing barrier of moisture for your sensitive skin without causing redness or irritation. Softening and calming, this gentle conditioner indulges and strengthens distressed skin in need of comfort.

Stem Cell 3D

Luxury never gets old

Our dazzling **Stem Cell 3D Luxury Collection** boasts all of the brilliant discoveries we've made as the leaders in plant stem cell technology. With our complete 3D Ritual, you'll be immersed from head to toe in our most transforming and enchanting formulations, crafted to renew, repair and refine your skin with lavish intensity. Leave no stone unturned. Rejoice and indulge in the power of DermaQuest.

Stem Cell 3D
Facial Cleanser

Lead your 3D Ritual with our enchanting foaming refiner, boasting the latest in anti-aging technology through the gift of Biotech Marine® and botanical stem cells. Resolutely purifying, our cleanser removes makeup and impurities while dousing your skin in a restorative and transforming bath.

Stem Cell 3D
HydraFirm Serum

Drench your skin in a cascade of moisture with our hydrating serum, bursting with botanical stem cells. A perfect primer for your 3D Ritual, we use remarkable concentrations of Gardenia, Echinacea, Lilac and Orange Stem Cells to soften fine lines and wrinkles while improving skin tone and restoring elasticity to overworked skin. Simultaneously, powerful peptides and Hyaluronic Acid work to replenish and keep dry skin at bay. With each use, your skin will possess a covetable, dewy glow.

Stem Cell 3D
Eye Lift

Let your eyes do the talking with 3D Eye Lift, boasting the renewing potentials of Biotech Marine® with restorative Gardenia and Sea Holly Stem Cells. Blended to illuminate while Red Algae lifts and tones, this luxurious cream leaves the windows to your soul harmoniously inviting and bright.

Stem Cell 3D
Complex

Discover the secret of our Stem Cell 3D Complex, the most notable technology in anti-aging since the debut of neuropeptides. Decadently imbued with advanced Biotech Marine® and botanical stem cells, powerful brightening peptides, and potent antioxidants, this rich, silky cream is the heart of your 3D Ritual and DermaQuest's exclusive salute to the illusive fountain of youth.

Stem Cell 3D
Tinted Moisturizer
SPF 30

Capture the quintessence of vitality in a gentle, sheer-tinted moisturizer coupled with a UVA/UVB physical sunscreen for airy, immediate coverage. Energized with botanical stem cell technology, peptides and juicy antioxidants, your skin is enriched as you shade the restorative properties of your 3D Ritual under this protective veil.

Stem Cell 3D
Lip Enhancer

Put your lips on a pedestal with our intensely energizing lip enhancer, imbued with firming Maxi-Lip™ peptide and botanical stem cells for the ultimate pout. Powerfully plumping and hydrating, our gloss magnifies your lip's natural color, adding a salacious veneer to your 3D Ritual.

Stem Cell 3D
Body Crème

Be sure your entire body is immersed in our rejuvenating bath of anti-aging plant stem cells. Velvety and indulgent, Stem Cell 3D Body Crème is a lusciously hydrating way to help firm skin while balancing your tone. Why leave your Ritual unfinished? Relish in the spoils of soft, supple skin, head to toe.

Advanced Therapy

Moving forward

If your skin is in need of an extra boost, our products in the growing **Advanced Therapy Collection** were crafted to be special additions to your personal home care regimen.

Algae Polishing Scrub

This cooling scrub uses jojoba beads to remove excess skin cells through gentle exfoliation, leaving the skin smooth and prepped for advanced treatment products. Deeply hydrating, this scrub primes the skin for water absorption while relaxing algae extract soothes inflammation.

Perfecting Primer

Instantly smoothing and pore refining, this oil-absorbing primer leaves skin with a soft and velvety finish. Likewise, our Perfecting Primer adds longevity to makeup, extending a polished and flawless appearance.

Mini Pumpkin Mask

Pumpkin Pulp is a dynamic ingredient: both anti-bacterial and rich in enzymes that actively digest excess skin cells. AHAs gently decongest clogged pores for a polished complexion. Ideal for mild forms of acne and pigmentation, and safe for sensitive skin.

Universal Cleansing Oil

Our silky cleansing oil was formulated for any skin type, including oily skin. As Jojoba, botanical and almond oils nourish and protect skin, they also draw excess oil from the skin to ensure that you maintain a luscious balance. Known to prevent both acne and dry skin, this noncomedogenic cleanser effortlessly removes makeup, dirt and impurities.

Radiant Skin Facial Oil

Give your skin a nourishing boost with our Radiant Skin Facial Oil, boasting a blend of oils to revive dull, lifeless skin. Safflower Oil is deeply moisturizing and particularly good for drier skin, while Jojoba Oil has been used as a healing agent for centuries. A host of other botanical oils condition and discourage excess oil production, leaving your skin with a soft and healthy shine.

Essentials Starter Kit

A comprehensive program of products with high-performance ingredients such as peptides, botanical stem cells and powerful antioxidants. Designed to cleanse, hydrate, strengthen and protect, this regimen helps to bring your skin to its fullest potential. Used daily, these core essentials establish vibrant, more youthful skin.

- *2oz Essential Daily Cleanser to purify and lightly exfoliate your skin*
- *.05oz Essential B5 Hydrating Serum to deeply hydrate thirsty skin*
- *2oz Essential Moisturizer to refine texture and smooth fine lines while replenishing essential moisture in your skin*
- *2oz Youth Protection SPF 30 to elegantly protect your skin from harmful UVA and UVB rays for skincare that lasts*

Post Treatment Home Care

A crucial companion to our professional treatments with products tailored towards nurturing your renewed skin, this kit is a requisite for every patient. Designed specifically to restore, enhance and protect, our regimen optimizes and maintains results, ensuring healthy skin at its fullest potential post-treatment.

- *2oz Delicate Cleansing Cream to purify your sensitive skin without over drying*
- *.05oz Stem Cell Rebuilding Complex to soften and enhance distressed skin as it nurtures healthy cells*
- *2oz Post Treatment Balm to calm and quiet inflammation and soothe as it protects sensitive skin*
- *2oz Youth Protection SPF 30 to elegantly protect your skin from harmful UVA and UVB rays, ensuring optimal results*
